GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **6.7 Magnitude Earthquake, British Columbia, Canada**

- On 4/23 at 2010 hours, a 6.7 Magnitude Earthquake occurred off the coast of British Columbia, Canada. No tsunami Advisory, Watch or Warning was issued for this event. CSWC performed appropriate notifications of coastal counties.

## **Major construction U.S. Highway 50, Sacramento, Sacramento County (Updated)**

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reported no issues with the project or the traffic in the area.
- Please see “Fix 50” slides for additional information, including [alternate routes](#).
- The CSWC will continue to monitor and provide situation awareness reports directly from CSWC.

## **Progress in the last 24 hours:**

- K-Rail is installed and wooden glare screens are in place to discourage gawkers.
- Crews removed railings and barrier on the inside shoulder.
- Crews poured the approach and departure slabs for the inside shoulder and #2 lane, as well as concrete conforms. These slabs will bring traffic up to the new height of the slab once the 4-inch layer of new concrete is poured.
- Overhead signs were put up. This required three separate traffic breaks by CHP, which temporarily halted traffic.

## **SITUATION SUMMARY**

### **Working on over the next 24 hours:**

- Crews will continue the approach and departure slab work for #1 and part of #3 lanes.
- Starting bead-blasting the entire deck. It will continue over the next couple of days. Beads are contained, collected and reused.
- Drilling 50,000 dowel holes into the existing deck. 5/8" diameter metal dowels will be epoxied 5 inches deep into the existing deck, and extend up to secure to rebar that will be embedded into the new concrete.

### **In the coming week:**

The contractor anticipates pouring concrete early next week -- potentially starting on Monday 4/28.

### **Individual Assistance Deployments**

- Lidia Armas and Katina Limon – 4/22/14 Recovery Training (Ventura County); 4/23/14 CSTI Recovery Training Course instructors (Agoura Hills/LA County). [As of 4/23 at 2200 hours both members have returned from their deployment.](#)

### **ONE MORE WEEK OF "STING" - DOT I 215 Freeway Closure Info**

- There is one more week of closures to place the fourth truss of the new railroad bridge. Full closure of Interstate 215 north and southbound on Friday and Saturday April 25th and 26th, 2014. [Details](#)

### **Significant Weather Watches / Warnings**

- [Fire Weather Watch in effect from Friday morning through Friday evening for areas in Imperial, Riverside Counties and Friday afternoon to Friday evening for San Bernardino County](#)

## **“Fix 50” Information**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

### **2014 Project Dates**

### **Roadway Construction Timing:**

#### **Eastbound Highway 50: April 22 – May 21**

#### **Phase 1: April 22 - May 6**

- During Eastbound, Phase 1 (April 22-May 6), the 11th St. on-ramp will be closed.
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

#### **Phase 2: May 7 - May 21**

- During Eastbound, Phase 2 (May 7 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

[Fix 50](#)

## “Fix 50” Information (Cont.)

### Major construction U.S. Highway 50, Sacramento, Sacramento County

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Westbound Highway 50: May 27 – June 25**

##### **Phase 1: May 27 - Jun 10**

- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

##### **Phase 2: June 11 - June 25**

- During Westbound, Phase 2 (June 11-June 25) the following ramps will be closed: - 16th Street Off-Ramp - Connector ramp from westbound Business 80 to westbound Highway 50
- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Sacramento City Actions:**

- Three lanes will be open at all times on Highway 50 when work is underway on either side.
- All lanes of westbound will be open when work is underway on the eastbound side.
- All lanes on the eastbound side will be open when work is being done on the westbound side.
- During the second phases of both the eastbound and westbound work, there will be 15 days of ramp closures, noted above.
- Sacramento City will be assisting Caltrans in managing Fix 50 with public outreach and traffic management planning.

#### **Sacramento City Traffic Operations Center:**

- Sacramento City staff will be manning the [Traffic Operations Center](#) (TOC) Monday - Friday from 6 a.m. thru 7 p.m. starting Tuesday, April 22 through Wednesday, June 25, on weekends when critical work is in progress and other times as needed. First responders will join City staff and be ready to react in emergencies.
- Aerial views of the highway and surrounding streets will be provided to the TOC via the Sacramento Police Department helicopter so traffic can be monitored.
- Sacramento City has revised traffic signal timing plans to prepare intersections adjacent to the freeways for an influx of traffic. Traffic signal timing will be monitored on key corridors and will be adjusted with the flow of traffic throughout the day. Four wireless and four fixed traffic cameras have been added to the TOC to monitor additional intersections. A total of 96 cameras will be in use to monitor traffic flow during the project.

## “Fix 50” Information (Cont.)

### Major construction U.S. Highway 50, Sacramento, Sacramento County

- Sacramento City is prepared to monitor and respond to traffic at all major corridors during peak times. Some of the more heavily impacted corridors include but are not limited to:
  - W, X, Broadway, P, Q, 21st, 24th, 29th, 30th
  - Stockton Boulevard and all of the downtown grid, especially streets with a connection to the freeway, such as 16th street, J street, L Street
  - Howe Avenue, Arden Way, Richards Boulevard, Capitol Mall, and Florin Road

WX Project Map

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes:**

**During work in the EASTBOUND direction (April 22 – May 21):**

#### **If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:**

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

#### **If traveling from Davis to Downtown Sacramento:**

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

#### **If traveling from Natomas/Davis to Rancho Cordova/Folsom:**

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

#### **If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):**

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

[Back to Front Page](#)

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes: (Cont.)**

#### **During work in the WESTBOUND direction (May 27 – June 25):**

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling through the project area during Phase 2 (Closed connector ramps from Business-80 to US-50 West):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

\*\*\*Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

Wet weather will continue today as a weak front impacts Northern California. An upper level trough will introduce a colder and more unstable air mass resulting in a slight chance for thunderstorms on Friday. A brief period of dry weather will return late on Friday followed by more rain on the weekend.

#### **San Francisco Weather:**

A storm system will bring cooler temperatures and chances for precipitation late Thursday night through Friday. Another weaker system could bring rain chances to Northern California Saturday night and Sunday. Then high pressure will bring dry and significantly warmer conditions next week.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Milder temperatures are forecast into Thursday then another weather system will bring a chance of widespread precipitation along with cooler temperatures later Thursday into early Saturday. Thunderstorms are possible on Friday.

#### **Hanford Weather:**

A Pacific storm system will move into and across Central California late tonight through Saturday bringing mountain snow and lower elevation snow showers along with gusty winds. Some thunder is also possible on Friday afternoon. High pressure will then build in from the west with drying and warming conditions for next week.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

High pressure aloft will bring near normal temperatures and sunny skies today then a cold low pressure system will arrive with breezy conditions, a drop in temperatures and possible precipitation from Friday into Saturday. Offshore flow and high pressure aloft will take hold for early next week for a significant warming trend.

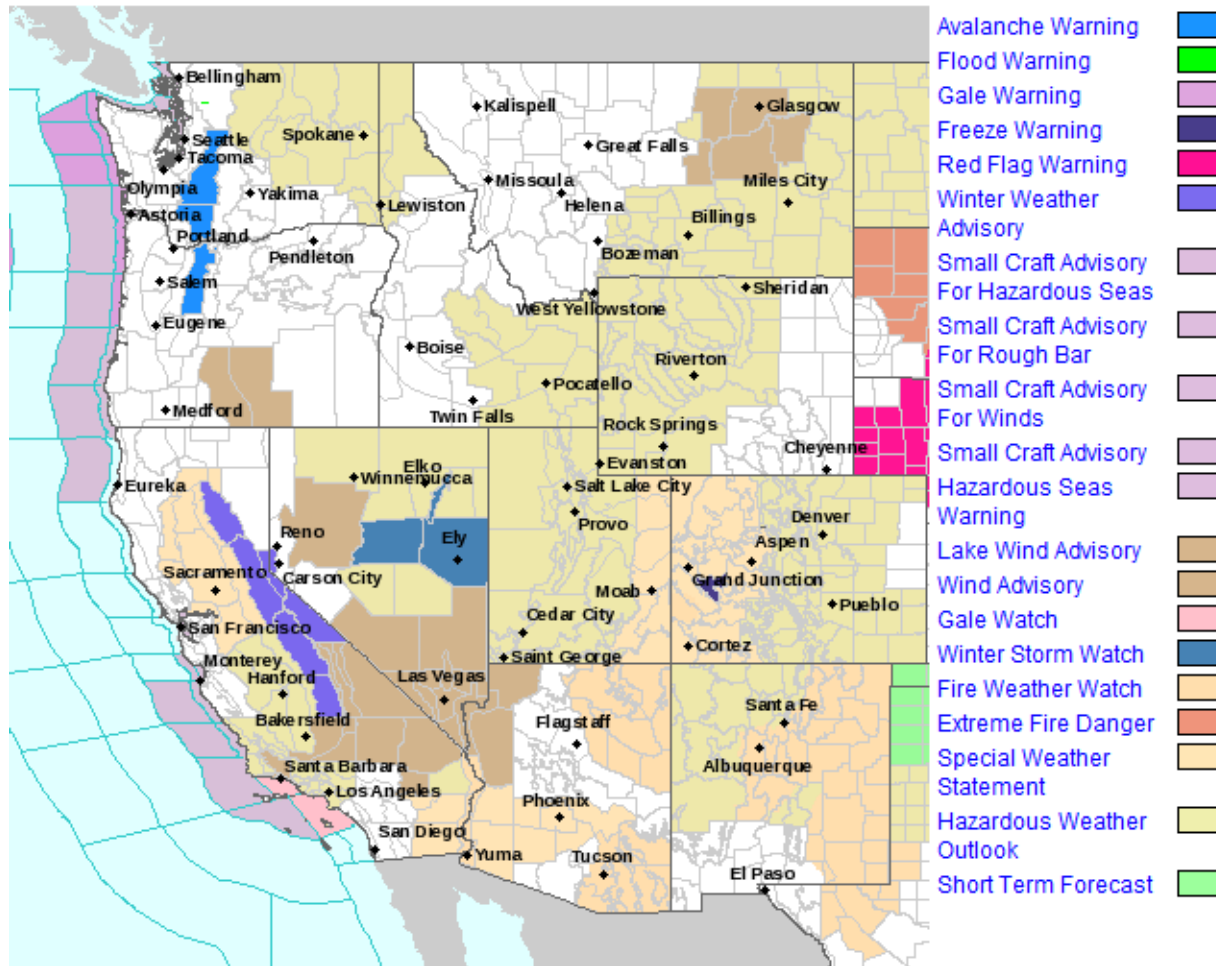

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

Weak high pressure aloft will bring fair weather today. A strong, cold low pressure trough will move across Southern California Friday and Saturday with scattered showers and gusty west winds in the mountains and deserts. A ridge of high pressure building over the west will bring much warmer weather next week.

#### **Southeast California Weather:**

Temperatures will warm up again today before another low pressure system brings much cooler temperatures, gusty winds and chances for rain and mountain snow Friday into Saturday. Dry and warmer weather can be expected Sunday through Tuesday as high pressure builds in from the west.

Last map update: Apr, 24th 2014 at 6:03:34 am MDT

## **SIGNIFICANT EVENTS / ACTIVITY**

### **Southern California**

#### **STATUS UPDATE FOR OPERATION “I-215 SPRING STING”**

**SAN BERNARDINO** – Caltrans District 8 would like to thank the public for their cooperation throughout the “I-215 Spring Sting” closures. Due to the precision planning and preparation by the contractor, Ames Construction, Inc., in conjunction with Stinger Bridge and Iron, the success of the railroad bridge work has not required Saturday night closures of I-215 to date between Riverside and San Bernardino.

There is one more week of closures to place the fourth truss of the new railroad bridge. Following is the closure information:

- I-215 between Iowa Avenue and Barton Road  
***MOTORISTS ARE ADVISED TO USE ALTERNATE FREEWAY ROUTES TO AVOID THE CLOSURE (SEE DETOUR MAP)***
- **FULL CLOSURE OF NORTH AND SOUTHBOUND I-215**  
**Friday and Saturday April 25 and 26**  
**11:30 p.m. to 11:30 a.m. the following day**
- Full closure of northbound I-215  
Wednesday and Thursday, April 23 and 24  
11:00 p.m. to 5:00 a.m. the following day

# **CAL OES ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

This week brings cooler and wetter weather across the state, although precipitation will likely be limited.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

## **Situational Summary (cont'd)**

Information as of 4/21/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-2806** Amador County Sheriff's Department requesting 1-Water HRD K-9 to assist in searching for a recent drowning victim at Lake Camanche. The requested resource is to respond Thursday morning, 4/24/2014, for a 0800 hour briefing at the ICP. Cal OES Law Enforcement Branch is coordinating the SAR K-9 response. [As of 4/23 at 2003 hours, Cal OES LDO advised that the resource is set for operation with a brief time of 0900 hours.](#)
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for aor evacuation and ground team insertion and extraction training.
- **2014-LAW-2724** Monterey County Sheriff's Department (MCSD) is requesting numerous resources to support the Big Sur International Marathon on 4/25-27/14. Various resources have been requested to include a Cal OES Mobile Interoperability Gateway Unit (MIGU) for communications support, activating California National Guard's 95<sup>th</sup> CST and personnel, and possible requests for canine support.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2722** Travis Fire Emergency Services requesting the 95th CST for the Travis AFB Show 5/3-4/2014.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

## Closed Cal OES Missions

- **2014-LAW-2800** Tuolumne County Sheriff's Department (TCSD) is requesting Search and Rescue (SAR) K-9 resources to respond today, 4/23 at 0830 hours to assist in a search for a missing person. [As of 4/23 at 2015 hours, Cal OES LDO advised the search was met with negative results. All mutual aid resources have been released. TCSD will continue their search efforts utilizing their own resources.](#) **Mission Closed.**

## **UPCOMING EVENTS, TRAINING, EXERCISES**

### **Diablo Canyon Power Plant Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
